

1. At the plate meeting, the head coach of Team A presents a lineup that does not have player Jones listed as either a starter or a substitute, even though Jones was in the dugout during the pre-game meeting. In the 3rd inning, the head coach of Team A tells the plate umpire he wants to enter player Jones into the game.
 - a. Legal. Substitutes are not required to be listed until they enter the game.
 - b. Not legal. The umpire shall not allow any substitute into the game unless they were listed on the lineup card when presented to the umpire at the pre-game meeting.
 - c. Not legal. Jones will nonetheless be allowed to enter the game. The umpire will add Jones to the lineup card. The head coach of Team A is now restricted to the dugout.
 - d. Legal. Jones will be allowed to enter the game. The umpire will add Jones to the lineup. Although Jones was required to be listed on the line-up card presented to the umpire at the pre-game meeting, there is no penalty. Rule Reference: 1-1-1

2. The head coach of Team B presents a line-up card to the umpire at the plate meeting that has all of his players by last name only.
 - a. Legal.
 - b. Not legal. The line-up card must include the first names of all players. Rule Reference: 1-1-2

3. Team A uses a portable mound that meets the specifications of Rule 1-2-7.. The head coach for Team B protests the use of the portable mound, saying his pitchers are not used to that kind of mound at it thus is a safety risk.
 - a. The umpire will accept the protest and the game will not be played.
 - b. The umpire will accept the protest and declare a forfeit in favor of Team B
 - c. The protest is invalid. The umpire will allow the game to be played. Rule Reference: Casebook 1-2-7

4. Team A uses a public park to host their home games. The distance between the bases is not exactly 90'. At the plate meeting, both coaches agree to play the game despite the nonregulation distances between the bases. In the 4th inning, the head coach of Team B decides he wants to protest the game.
 - a. Since both coaches agreed to play the game with the field conditions as they were, the protest will not be accepted.
 - b. The umpire shall accept the protest and continue the game.
 - c. The umpire shall accept the protest and suspend the game. Rule Reference 1-2-12

5. Which of the above baseballs are legal for non-playoff games?
- a. Ball A is legal. B and C are not legal.
 - b. All are legal.
 - c. Both A and B are legal. C is not legal.

6. Prior to the game, it is the responsibility of each team to provide the umpire with three approved baseballs
- a. True
 - b. False

7. Team B is on defense. F3 is wearing a black sleeve undershirt where the sleeves extend to the wrist. F4 is wearing a black undershirt where the sleeves extend to the player's elbows. F6 is wearing a black undershirt, with the sleeve on the non-throwing arm extending to the elbow and the sleeve on his throwing arm down to the wrist. F1 is not wearing an undershirt at all.
- a. All players are legal.
 - b. All players must wear undershirts of the same color and sleeve length, so the umpire should stop the game and require all players to either wear the same type of undershirt, or none of the players can wear an undershirt.
 - c. F1 is legal because an undershirt is not required. F3 and F4 have legal uniforms, even though one has short sleeves and the other has long sleeves. F6 is the only player whose uniform is not legal.

8. The bat depicted above has a wood barrel and composite handle. Because it has a wood barrel, it does not have to meet the BBCOR standard.
- a. True. Because the barrel is wood, it is considered a wood bat.
 - b. False. It is not a single piece of wood, so it must meet the BBCOR standard.

Rule Reference: 1-3-2

9. Team B is batting. The batter hits a pop up near Team A's dugout. The first baseman for Team A trips over a bat one of his own teammates left on the field and is unable to catch what otherwise would have been an easily caught fly ball.
- It is a foul ball. Because the fielder tripped over his own teammate's equipment, he cannot be rewarded with an out.
 - It is up to the umpire to decide the outcome, and the umpire's decision to declare an out, a foul ball, or any other outcome is based on the umpire's judgement and the total circumstances of the play.

Rule Reference 1-3-7 Penalty

10. The catcher for Team B is wearing a helmet with a tinted eye shield.
- Legal, if it was attached at the time of manufacture.
 - Illegal in all cases.

Rule Reference 1-5-4

11. Team A's starting lineup has the batter order as Adams, Benitez, and Clancy. In the 3rd inning, Team A properly substitutes Jones for Benitez. In the 5th inning, Adams walks. Benitez comes to bat singles to right field, with Adams taking third on the play. Before Clancy sees a pitch, the defensive head coach tells the umpire that Team A batted out of order.

- The appeal should be denied. Team A batted in the correct order. Benitez' return to the lineup was not reported but was otherwise legal. Because there is no penalty for the unreported return of Benitez to the lineup, the play stands.
- Team B's head coach is correct. It is a batting out of order violation and Jones, who should have batted, is declared out. Adams is returned to 1B.

Rule Reference: 2-36-2

12. B4 is batting. F1 delivers a pitch that B4 fouls off. The head coach for Team A then tells the umpire that he wants to intentionally walk B4 immediately.
- The umpire will not immediately award B4 first base. The request by the defense to have a batter awarded first base must come before the first pitch to the batter.
 - The umpire shall award B4 first base. The request by the defense to award the batter first base can take place at any point in the at bat, on any count.

Rule Reference: 2-4-3

13. Team A is hosting a game. The backstop padding is raised above the ground about 3", so a ball that gets under the padding usually rolls out. Occasionally it stops directly under the padding and doesn't roll out, but can be easily retrieved by a player.
- If the ball stops under the padding, it is a lodged ball. That a player can easily retrieve it is irrelevant.
 - If the ball stops under the padding and can be easily retrieved, the ball shall remain live.
 - Whether a ball that stops under the padding will remain live or be considered lodged is up to the hosting head coach, and shall be identified at the plate meeting as a ground rule.

Rule Reference: 2-4-4

14. B4 squares to bunt and holds his bat approximately waist high as F1 releases the pitch. The pitch is low and outside, and not in the strike zone. B4 continued to hold the bat in the same position as the pitch came in and was caught by the catcher. The umpire judges the batter did not attempt to hit or bunt the ball.
- The umpire shall call a strike, as a batter is required to withdraw the bat, so even though the batter did not attempt to bunt the ball, it is still a strike.
 - The umpire shall call a ball, as the pitch was not in the strike zone and the batter is not required to pull the bat back to avoid the pitch being called a strike.

Rule Reference: 2-8

15. B7 swings at a pitch and hits it. The batted ball goes straight down and strikes the plate, then bounces up and hits B7 in fair territory. B7 has one foot on the ground completely outside of the batter's box and one foot on the ground completely inside of the batter's box at the moment the batted ball struck him. The umpire judged the contact was unintentional.
- B7 is out. Once the batter has at least one foot completely on the ground outside of the batter's box, he is out if he contacts a batted ball in fair territory.
 - B7 is out. Because he made contact with a fair batted ball, it doesn't matter where his feet are...he is out upon contact with the ball.
 - It is a foul ball. Because the batter still had at least one foot in the batter's box, the batter's contact with the ball results in a foul ball as long as the contact was judged to be unintentional.

Rule Reference: 2-16-1g

16. B7 is batting with an 0-1 count, one out, and with R1 at 1B. F2 delivers a pitch, and R1 is stealing. B7 swings at a pitch and tips the ball. The ball goes straight back to the catcher's glove, where it deflects into the catcher's chest protector. The catcher then catches the ball. R1 makes it to 2B without a play.
- Even though the ball initially went straight to F2's glove, as soon as it deflected into his chest protector it should be ruled a foul ball. R1 is returned to 1B and B7 continues to bat with an 0-2 count.
 - Because it initially was tipped directly to F2's glove, it is a foul tip and live ball as long as F2 is able to eventually legally catch it. R1 remains at 2B and B7 continues to bat with an 0-2 count.
 - The ball should be ruled a batted ball caught in flight. B7 is out on the catch, and R1 remains at 2B.

Rule Reference: Casebook 2.16.2

17. The bases are loaded with no outs. B2 is batting with a 1-0 count. B2 hits a pop fly that the umpire judges F5 can easily catch. The ball is very close to the 3B foul line. The umpire declares and signals an infield fly. Unexpectedly, F5 seems to lose sight of the ball in the sun. The ball drops untouched in fair territory, then rolls untouched into foul territory, where it comes to rest and is picked up for F5.

- a. B2 is out. F5 should have been able to easily catch the pop fly in fair territory, so the infield fly stands even though F5 did not touch it until after it came to rest in foul territory.
- b. B2 is not out. The batted ball shall be declared foul, and B2 continues the at bat with a 1-1 count. The umpire judged F5 should have easily caught the ball, but F5 did not catch it. Even though the ball initially landed fair, it remained untouched until coming to rest in foul territory. The otherwise properly judged infield fly declaration is nullified because the ball was ultimately foul.

Rule Reference: 2-19

18. B3 is at the plate. Before the pitch, B3 is swinging his bat back and forth and accidentally strikes the catcher.

- a. The umpire shall call time. B3 is penalized with a strike.
- b. The umpire shall call time. B3 is awarded a ball.
- c. The umpire shall call time. There is no penalty.

Rule Reference: 2-21-5

19. In the above play, F6 is receiving a throw from F2 in an attempt to retire R1, who is attempting to steal 2B. F6 ultimately receives the throw and tags R1 before R1 reaches the base and is called out by the umpire. The only contact between the runner and the fielder is the tag. The head coach for the offense argues that F6 obstructed R1 by straddling the base.

- a. The out stands because there was no contact between the fielder and the runner other than the tag, so there was no obstruction. Had the runner slid into the fielder, it would have been obstruction.
- b. The out stands because the fielder left a place for the runner to go. Straddling the bag on this play is not obstruction, whether the runner slid into the fielder or not.
- c. This is obstruction, and R2 should be awarded 2B.

Rule Reference: 2-21-3, CB 8-3-2 Situation G

20. R1 is leading off of 1B. F1 attempts to pick R1 off, as depicted in the image above.

- a. This is obstruction. F3 completely blocked R1's access to the base.
- b. This is not obstruction. R1 could have gone around F3 to get to the base.
- c. This is not obstruction. F3 was about to receive the throw, so he can block access to the base at that point.

Rule Reference: 2-21-3, CB 8-3-2 Situations G and I

21. During a rundown, R3 tries to return to 3B. F5 and F6 were both near the base and both players converged on the ball thrown by F2. R3 lightly collided with F5 before reaching 3B. F6 caught the ball and tagged R3 before R3 made it back to 3B.
- This is a legal play and R3 should be called out. F5 was not in R3's path the base until he was in the act of catching the thrown ball, and therefore there is no obstruction.
 - This is obstruction by F6 and the umpire should award bases as appropriate.

Rule Reference: 2-21-3

22. B2 hits a bounding ball down the 1B line. F1 and F3 both converge on the ball. B2, who had been running in the runner's lane, swerved several feet into fair territory to avoid colliding with F3, who caught the bounding ball. B2 collides with F1 just as F3 catches the ball. B2 is stopped by the collision and is tagged by F3. The umpire judged F3 was in the best position to field the ball and make a play.
- This is a legal play, and B2 is out on the tag. R1 had a right to attempt to field a batted ball, even though F3 was in somewhat better position to field the ball, so there was no obstruction.
 - This is interference by B2 and B2 should be declared out. Both F1 and F3 had a right to attempt to field a batted ball, and B2 interfered with F1's attempt.
 - This is obstruction and B2 should be awarded at least 1B. Only one fielder has a right to field a batted ball at any given moment, and the umpire judged that to be F3. F1 was not protected during the play and could not legally get in B2's way, even though he was trying to field a batted ball at the moment of the collision.

Rule Reference: 2-21-3, 8-4-g-1

23. R2 attempts to score on a hit to left field. F2 is a fraction of a second away from catching the throw from F7 and extends his left leg away from his body as part of a move to catch the ball and make the tag in continuous motion. R2, who had been running adjacent to the 3B line, eventually slides around F2's leg and misses the plate and is tagged by F2 before he can scramble back and touch it.
- This is obstruction. F2 is clearly blocking the plate. R2 should be awarded home.
 - This is a legal play. F2's continuous movement, including his leg extension, were part of movement to catch the ball and therefore legal.
 - This is a legal play. R2's decision to slide around F2's extended leg was his choice in the moment.

Rule Reference: 2-21-3, CB 8-3-2 Situations G and I

24. The above sequence depicts a pickoff play at 2B. The top right image shows F4 at the moment he initially caught and possessed the baseball. The umpire judged F2 obstructed the runner, as he moved into the runner's path to catch the throw from F1. The runner initially slowed, then accelerated and dove headfirst into F2, ultimately finishing the play by pushing F2 in the face with his hands and forcefully pushing F2 onto his back. The umpire judged this contact to be malicious.
- R2 is awarded 2B for the obstruction and is ejected for the malicious contact. The offensive head coach must enter a substitute for the ejected player.

- b. R2 is awarded 3B for the obstruction and is ejected for the malicious contact. The offensive head coach must enter a substitute for the ejected player.
- c. R2 is awarded 3B for the obstruction and is issued a written warning for the malicious contact.
- d. R2 is declared out for malicious contact and is ejected. The offensive head coach must enter a substitute for the ejected player.

Rule Reference 2-32-2, 8-4-2-b

25. In the above play, R1 is at first with no outs. B6 hits a ground ball to F4, who starts an attempt at a 4-6-3 double play. R1 is out at 2B on the play and B6 reaches 1B before the ball. The above photo depicts the approximate end of R1's slide into 2B. Is the above slide legal or illegal?

- a. Legal
- b. Illegal. B6 is out for R1's interference.
- c. Illegal. R1 was out on the play. B4 will be out only if the umpire judges the slide is the reason the throw was late.

Rule Reference: 2-32-1, 2-32-2, 8-4-1h, 8-4-2h

26. The bases are loaded with no outs. B1 hits a ground ball to F1, who throws to F2 in time to retire R3. F2 is about to throw to F3 in an attempt to retire B1. As depicted in the above photo, R3 slides into F2's right leg. F2 does not throw the ball, as the slide causes him to fall to the ground.

- a. R3's slide is legal.
- b. R3's slide is illegal. B4 is allowed to remain at 1B because F2 did not throw the ball.
- c. R3's slide is illegal. Since R3 was out at the time of the illegal slide, the runner closest to home is out, which in this case is R2. B1 is awarded 1B and R1 remains at 2B.
- d. R3's slide is illegal. R3 is out on the play and B1 is out for the interference. R2 is returned to 2B and R1 is returned to 1B.

Rule Reference: 2-32-1, 2-32-2, 8-4-1h, 8-4-2h

27. R1 at 1B with no outs. B3 hits a ground ball to F5, who throws to F6 in an apparent attempt to at a 5-6-3 double play. - The slide is legal.
 - The slide is illegal.

28. In the second inning, the head coach for Team B tells the plate umpire that player #14 is replacing player #4 as the pitcher. The umpire records the substitution and turns towards the dugout for Team A and informs the opposing head coach of the change. Before the umpire has informed the official scorekeeper, the head coach for Team B tells the umpire he has changed his mind and he is going to leave #4 in the game.
- Legal, and #4 remains in the game. The substitution is not official until the umpire has recorded the change on the lineup card, notified the opposing coach, and notified the official scorekeeper.
 - Not legal. Once the umpire has recorded the substitution on the lineup card, it is official.
 - Not legal. Once the umpire has recorded the substitution on the lineup card and notified the opposing coach, it is official.

Rule Reference 3-1-1

29. In the 7th inning, the head coach for Team A replaces his pitcher. The head coach for Team B enters a pinch hitter. Team A wants to immediately enter another pitcher.
- Not legal. The replacement pitcher must pitch to the batter at bat until the at bat is completed or the third out of the inning has been made.
 - Legal. Since the offensive team entered a pinch hitter after the pitching substitution, the defense can make an additional change without penalty.

Rule Reference: 3-1-2

30. Team A is charged for defensive conferences in the 2nd, 4th, and 6th innings. In the 7th inning, the head coach for Team A replaces his pitcher. Team B enters a pinch hitter. Team A wants to enter a substitute pitcher immediately, but that is not allowed by the umpire. The pitcher for Team A throws one pitch. The head coach for Team A requests to have a conference with his pitcher.
- The umpire must deny the conference outright. Since this would be the 4th conference in the first 7 innings, it would mandate the pitcher be removed. The umpire must not

allow any conference that would require the removal of a pitcher who has not met the rule requirement to pitch to the batter at bat when the pitcher entered the game.

- b. The umpire must allow the conference, but then must eject the head coach.
- c. The umpire must allow the conference, but both the pitcher and head coach must be ejected.

- a. Legal. The addition of the DH will be allowed as long as there is a legal substitute available.
- b. Not legal. In order to use a DH, the head coach must start the game with a DH.

Rule Reference: 3-1-4

32. Player #14 is listed on the lineup as both RF and DH. In the 2nd inning, #14 walks. His coach replaces #14 with a pinch runner, #3. The coach informs the umpire he intends to leave #14 in to play RF only, and #3 as the new DH.

- a. Legal. As long as the team started with a DH, the offensive coach can replace the original player in either role at any point in the game.
- b. Not legal. Once a player being used as both a defensive player and DH is replaced on offense as either a batter or a runner, the DH position is terminated.

Rule Reference: 3-1-4b

38. Player #8 for Team A hits an out of the park home run. All of the players from Team A immediately run out of the dugout and line up around the dirt circle near home plate to congratulate #8 after he touches the plate.

- b. Not legal. Players are not allowed to leave the dugout for any reason.

Rule Reference: 3-3-1a

39. R1 is on 1B when B6 hits a fly ball down the right field line that eventually falls untouched into fair territory. As R1 approaches 2B, F6 fakes a tag and R1 slides into the base. As R1 slides into 2B, F9 is just picking the ball up from the ground. The umpire judges that R1 would not have slid into 2B if F6 has not faked a tag and would have acquired 3B otherwise. As he should have, the umpire ruled F6 obstructed R1 with a fake tag.

- a. R1 should be awarded 3B. B6 should be awarded 2B regardless of which base he would have acquired had there not been obstruction.
- b. R1 should be awarded 3B and the BR should be awarded 2B if the umpire judged he would have acquired 2B had there not been obstruction.
- c. R1 should be awarded 3B and the BR should be awarded 2B if the umpire judged he would have acquired 2B had there not been obstruction. The head coach for the defensive team should be warned, and any subsequent violation of this rule should result in the offender being ejected.

- a. B6 is declared out, and any runners that advanced must return to the base occupied at the time of the pitch.

Team A's entire coaching staff comes onto the field, as do two players from Team A that had been on the bench. The coaches and players from Team A that left the bench and came onto the field were all peacemakers and did nothing more than try to stop any additional pushing or escalation by the members of Team A that were on the field.

- a. Once order is restored on the field, all of the coaches and players that left Team A's bench should be directed back to their dugout without penalty.
- b. The head coach is the only person allowed to leave the bench under these circumstances. All other personnel from Team A that left the bench, assistant coaches and players, shall be ejected.

- a. Prior to the start of a game, it is the responsibility of the umpire to determine if the field is suitable for play. If the umpire judges the field suitable for play, the game will start, regardless of what either coach says.
- b. The home team's representative, the head coach of Team A in this play, is the person that determines whether or not the field is suitable for play. Once the head coach for Team A decided the field was playable, the game shall commence. Once the game has started, the umpire becomes the sole judge as to the suitability of the field.

- b. Prior to the start of the second game of a doubleheader, it remains the responsibility of the home head coach to determine whether the field is playable. Since the head coach of Team A determined the field was not playable, the game should not start.

Rule Reference: 4-1-1

45. Team B is hosting the game. Team B's home field has unusual field dimensions, with a portion of the fence in right field only 200' from the plate. The 200' portion is clearly identified by vertical lines on the fence. At the pre-game plate meeting Team B's head coach says the short fence has resulted in a ground rule that any batted ball that goes over the fence in flight between the vertical painted lines results in the batter-runner and any other runners being placed by the umpire according to his judgement. The head coach for Team B does not agree and says it should be a ground rule double.

- a. It is Team A's field, so Team A's ground rules prevail.
- b. Since both teams did not agree on the specific ground rule, the umpire must decide which ground rule will govern the game.
- c. Both the announced ground rule by Team A and the proposed ground rule suggested by Team B conflict with the written rule concerning a fair batted ball going over an outfield in flight. The umpire will inform both coaches that the rule as written in the rule book will govern the game.

Rule Reference: 4-1-2

 - b. This is interference by B4.

Rule Reference: Casebook 7-3-5 Situation E

77. In the above play, B2 is batting with an 0-0 count and R1 is on 1st. R1 starts a steal attempt as F1 begins his pitch. - This is interference. The batter cannot come across the plate and hinder the catcher.
 - This not interference. The batter was not able to make an attempt to avoid F2.

78. With runner R1 at 1st and R2 at 2nd, B1 is batting with no outs. B1 hits a pop fly ball that F4 can easily catch. The umpire should have declared an infield fly but did not. F4 does not catch the ball and it drops to the ground at his feet. F4 picks up the ball and throws to F6, who catches the ball for an apparent force play at 2nd, then throws the ball to 1st for an apparent double-play. The head coach for the offense wants the umpire to apply the infield fly rule.
- The infield fly, declared or not, still applies, and it is the responsibility of the defense to play as if it were declared. The batter is out, and the runners are returned to the bases occupied at the time of the pitch.
 - The infield fly declared or not, still applies, and it is the responsibility of the defense to play as if it were properly declared. The batter is out. R2 remains at 3rd and R1 remains at 2nd because F4 did not tag R1 out.
 - The play stands. Since the umpire did not declare the infield fly ball, once F4 failed to catch it the ball was live and the batter was free to try and reach 1B. R1 was properly put out on the subsequent force play, as was the batter-runner. R2 remains at 3rd with two outs.

81. B5 is batting and hits a pop fly about 30' up the first base line. F1, F2 and F3 converge on the ball. The plate umpire recognizes there is potential for the batter runner to collide with, or at least come into very close proximity to any of those three fielders. The umpire must quickly judge which of the three fielders is in the best overall position to catch the pop up.

- a. True. The fielder identified by the umpire as the most likely to catch the ball is protected from interference by the batter-runner. The other two fielders are at risk of obstructing the batter-runner.
- b. False. All three fielders are protected from interference by the batter-runner until the ball is caught, as all three are attempting to make a play on a batted ball.

Rule Reference: 8-4-2g(1)

82. It is a windy day, and pop-ups and fly balls have been difficult for fielders to judge and track. In the 6th inning, R1 is at 1B and there are two outs. B8 hits a pop fly that F4 seems to settle under. R1, who ran on contact, runs 4'-5' behind F4 to avoid interfering with his attempt to catch the ball. The wind causes the pop fly to come down more towards the outfield. F4 readjusts to the new path of the ball and collides with R1, who had taken the path 4'-5' behind the fielder. F4 is not able to catch the ball.

- a. R1 was legal. R1's initial path would have avoided any contact with F4. A runner cannot be expected to anticipate the sudden, wind-caused movement of a fly ball.
- b. This is interference by R1. Even though the issue was beyond R1's control, the defense is still protected and must be allowed an unhindered chance to make the play.

Rule Reference: Casebook 8-4-2 Situation T

83. R2 at 2B with no outs. B4 gets a hit to left field. R2 attempts to score on the hit. As R2 is nearing the plate, F2 moves into the runner's path to catch the ball. - a. R2 was obstructed. R2 also jumped over a fielder that was upright. Because R2 had to jump over F2 because of the obstruction, the jumping is ignored. R2 is awarded home.
- b. R2 was obstructed. R2 also jumped over a fielder that was upright. Even though R2 jumped over F2 because of the obstruction, jumping over an upright player supersedes the obstruction. R2 is declared out and the obstruction is ignored.

R1 slides into 2B as F9 picks up the ball in the outfield. The umpire judges that R1 was only going to get to 2B regardless of whether he slid into 2B or not.

- a. Legal play. The offense is responsible for knowing the ball status.
- b. The fake tag is obstruction. R1 will be awarded at least 3B.

- c. The fake tag is obstruction. R1 remains at 2B, as he was not yet acquired 2B when the obstruction happened and would not have made it to 3B regardless of the obstruction. The head coach for the team on defense is warned regarding a fake tag.

- a. B1's intent is irrelevant. The ball is dead. B1 is out for the interference and R2 is returned to 2B.
